

The Power to Surprise

2017
RONDO

MADE FOR [URBAN VERSATILITY]

//////////

Big on space and even bigger on style and personality. That's Rondo for 2017. The same versatility Rondo's famous for – and the same impressive capacity. Only now, Rondo has an even more dynamic presence, with redesigned exterior and interior features, like new available 18-inch alloy wheels, new front and rear lighting and bumper designs – as well as new carbon patterned interior trim. Ready to make an even bigger impression? Then you're ready for the 2017 Rondo.

BLIND SPOT DETECTION SYSTEM³

Sensors monitor the side and rear for vehicles approaching your blind spots. Visual alerts are provided on the outside mirrors and instrument cluster; an audio alert is sounded when necessary. Standard on EX Premium and EX Luxury models.

MULTIMEDIA INTERFACE

Rondo EX Premium and EX Luxury models are equipped with Kia's sophisticated multimedia interface. It combines a dynamic display and brilliant graphics with touch-screen capabilities and speech recognition technology for precise control of multiple systems and functions. You can use your voice or the touch-screen to control the onboard navigation² and entertainment systems.

HEATED AND AIR-COOLED SEATS

Every 2017 Rondo comes with standard heated front seats and available heated rear seats. For added comfort in warm weather, Rondo EX Luxury is equipped with an air-cooled driver's seat that circulates refreshing air through the perforated leather seating surfaces.
