The look is so much more adventurous than anything you'd imagine for a vehicle this functional. It's the look of confidence, opening previously uncharted territory for you and your family. The performance further heightens your command, with three engines to choose from, including the sporty 290-horsepower 3.3L V6 GDI. Equally as important is the way it enables a wide range of your favourite pursuits, with available seven-passenger seating and a host of built-in convenience features, such as the available Smart Power Liftgate. The technology also blazes a trail of its own, with such innovative available driver awareness systems as Smart Cruise Control and Blind-Spot Detection. This is a bolder take on the utility vehicle — this is the 2017 Sorento.
IT MAKES ITSELF RIGHT AT HOME, WHEREVER YOU TAKE IT.

The 2017 Sorento fits beautifully into any landscape — anywhere from city streets to national parks. Different settings clearly bring out other aspects of its accommodating personality. And its flexible seating helps you make the most of any trip and any destination. No matter where it’s headed, Sorento is sure to draw attention, with its wide stance and sculpted contours. A range of premium amenities complete the picture, with available features like Android Auto smartphone integration, giving you access to Google Play Music, Google Maps, and Google Hangouts messaging. Once you’re on the road, you’ll appreciate another defining trait – a truly quiet ride that’s the product of features like an available sound-absorbing laminated windshield and front windows. Enjoy the ride. In the 2017 Sorento.

YOU’LL FEEL VERY WELCOME.

IT SOUNDS AS GOOD AS IT LOOKS.

There’s a new world of style and technology inside Sorento. GET FAR AWAY FROM THE EVERYDAY.

While Sorento very capably handles your everyday demands, it also raises the bar with a go-anywhere disposition and spirited performance that makes the journey a real joy. You have a choice between a 185-hp 2.4L Gasoline Direct Injection (GDI) engine and available 240-hp turbocharged 2.0L GDI or 290-hp 3.3L GDI V6. To go even further off the beaten track, Sorento offers the available Dynamax™ advanced all-wheel-drive (AWD) system that continuously monitors driving conditions and makes adjustments automatically to optimize grip. Go where you want the way you want – in the 2017 Sorento.

DYNAMAX™ ALL-WHEEL DRIVE

The available Dynamax™ AWD system uses sensors to monitor road conditions and driving scenarios. When enhanced traction and control are required, the system helps distribute power to the appropriate wheels and also distributes torque during acceleration and cornering.

SPORTOMATIC® TRANSMISSION

A six-speed automatic transmission provides smooth, seamless shifting. Its Sportomatic® function allows you to choose the automatic mode or clutch-free manual shifting for a more controlled driving experience.

EFFICIENT PERFORMANCE

The available 240-hp turbocharged 2.0L GDI engine and the 290-hp 3.3L GDI V6 deliver truly outstanding performance. They are also engineered for impressive fuel efficiency.

SUBSTANTIAL TOWING CAPACITY

The available 3.3L Gasoline Direct Injection (GDI) V6 engine produces 290-horsepower and 252 lb.-ft. of torque, giving Sorento an impressive maximum towing capacity of 2,268 kg (5,000 lbs.).

SMOOTH, PRECISE HANDLING

A four-wheel independent suspension features dual-flow dampers and a rear multilink design for smooth performance and precise handling.
Sorento offers advanced technologies that help the driver become more aware of potential hazards around the vehicle—such as available Blind Spot Detection. Should an accident prove unavoidable, you can take comfort in the fact Kia has given the unthinkable a tremendous amount of thought. A series of passive safety systems are designed to help protect the passenger compartment—from a safety cage design that’s fortified with ultra-high-tension steel to a six-airbag SRS system. Clearly, the more thought Kia puts into Sorento’s safety, the greater your peace of mind.

**1. SMART CRUISE CONTROL.** This available system uses a radar sensor at the front of the vehicle to monitor the distance to the vehicle ahead. To preserve a predetermined safe distance, the system will apply the brakes, reducing Sorento’s speed, until the vehicle ahead proceeds.

**2. 360° CAMERA MONITORING SYSTEM.** The available 360° camera monitoring system utilizes four cameras, located at the front, rear, and sides, to provide visibility all around the vehicle. This helps enhance the driver’s view when maneuvering into parking spaces.

**3. BLIND SPOT DETECTION (BSD).** This available system uses radar sensors to monitor approaching vehicles from the rear in the lanes flanking the driver. If a vehicle is detected, a visual alert appears on the sideview mirrors.

**4. REAR PARKING SONARS.** A sonar system is concealed in the rear bumper. When you back up, an audible warning is given if the system detects objects behind your vehicle.
