As a member of the KIA EXTRA CARE ROADSIDE ASSISTANCE program, you don't have to worry about where you can obtain assistance when mishaps requiring an emergency boost or mechanical breakdown tow occur. Our Approved Roadside Service Facilities are there to provide you with prompt, efficient service and to help get you to your closest KIA Dealership. If there is no KIA Dealership within 100 kilometres, your vehicle will be towed to the closest approved repair facility. Road service coverage is available across Canada and the continental United States.

If you decide not to use a KIA Approved Roadside Service, you may choose your own service provider and submit a claim for reimbursement for up to \$100 per incident. KIA EXTRA CARE ROADSIDE ASSISTANCE does not pay for related parts, labour, or repairs.

The KIA EXTRA CARE ROADSIDE ASSISTANCE program covers the service provider to travel up to 100 km. In rare cases where the service provider must travel more than 100 km, you may be asked to pay the difference.

Emergency Boost

If your KIA's battery is discharged, a service provider will be dispatched to your location to boost your vehicle.

Emergency Breakdown Towing

KIA EXTRA CARE ROADSIDE ASSISTANCE will be there should your KIA experience a mechanical breakdown and not be able to proceed under its own power. You are covered should you need a towing service to move your KIA from the place of mechanical breakdown to the nearest KIA Dealership or approved repair facility within 100 km.

Winching/Extrication

If your KIA becomes stuck in a ditch, mud or snow, KIA EXTRA CARE ROADSIDE ASSISTANCE will dispatch an approved service provider to winch or extricate your vehicle, provided that it can proceed under its own power after the service has been performed. The vehicle must be accessible and located on, or adjacent to, a publicly maintained roadway.

If your vehicle is unable to proceed under its own power after extrication, you will be responsible for all costs in winching and towing your vehicle.

Tire Change

The service provider can provide air service or remove your flat tire and install your spare. The spare tire must be inflated and in sound working order. If you do not have an operable spare tire, your vehicle will be towed to the nearest KIA Dealership or approved repair facility.

Gas Delivery

The service provider will deliver up to 10 L of gas so that you can proceed to the nearest service station. The cost of the fuel is covered. In areas where the transportation of fuel is prohibited, your vehicle will be towed to the closest service station.

Lockout Service

If you have locked your keys in your vehicle, a service provider will be dispatched to attempt to gain entry to your vehicle. Please note that the owner assumes all responsibility for any damages to the vehicle as a result of the entry attempt.

Note: In order to obtain service, you must remain with your vehicle. The approved provider will not provide service to an unattended vehicle.
