Discouraging auto theft with the power of vehicle identification.

Cars with no visible signs of theft deterrent are easy targets for thieves. With over 400 cars stolen per day in Canada, would-be thieves have plenty of vehicles to choose from. Kia Protect Anti-Theft is a system designed to help deter potential thieves from stealing your vehicle. In the event your car goes missing, Kia Protect Anti-Theft will increase the odds of vehicle recovery and may provide a benefit to reduce the cost of purchasing a replacement vehicle.

Kia Protect Anti-Theft combines a clearly visible warning label with permanent, pre-registered numbers embedded on body panels throughout your vehicle to make it a less attractive target for would-be thieves. The pre-registered number adds your vehicle to a national database to improve its traceability. The police traceable window decal will make it obvious to potential thieves that your vehicle is registered and help convince them to leave it alone. In the event your vehicle is stolen and then recovered with damage or stolen goods, Kia Canada will reimburse you for your Kia Protect Anti-Theft purchase. If your vehicle is stolen and not recovered within 30 days or is declared a total loss by your insurance provider, your selling dealer will provide you with up to a \$5,000 discount on the cost of purchasing a replacement new or used vehicle.¹
